## AUSTRALIA

### ULTRASONIC CLEANING

## WELCOME

Unisonics issue four offers ultrasonic units for rent, trade in units and 2nd hand units available.  
Also introduces the newest, simplest way for tattoo gun cleaning.

## New Products

Tattoo gun cleaning is important for flawless and top quality tattoos, as well as health reasons.

Ultrasonic cleaners save you time, money and speeds up the cleaning process. Unisonics has put together a package for more efficient cleaning.

## Units for rent

Need one off cleans? Got large jobs?  
Or just want to test your cleaning?

Unisonics offer ultrasonic cleaners for rent. There are various sizes in the FXP range and limited sizes in the ST range.

## Trade In Units

Wanting to get rid of your old units or want an upgrade??

Unisonics now offer the opportunity to trade in any brand of ultrasonic cleaner and receive a 10% discount towards another Unisonics Ultrasonic Cleaner.

## 2nd Hand Cleaners

A small range of the FXP range is now available for 2nd hand purchase. Various sizes of the FXP range have been used as one off demos and now are offered as 2nd hand units.
